INDEX

Note—Illustrated articles are marked with an (*) asterisk, abstracts with an (A), editorials with an (E), letters to the editors with an (L), paragraphs with a (P), and news items with an (N).

A

A call for action (E) ... 595
A doubtful policy (E) ... 431
A. F. Harvey launched, Freighter ... *261
A Mussolini needed (E) ... 61
A problem of coastal navigation (E) ... 2
A study of screw propeller performance. Rear Admiral C. W. Dyson ... *569
Accident Prevention on Tank Steamships. Arthur M. Tole ... *36
Admiral Bowles (E) ... 485
Agwisun, Repairs to tanker ... *79
Air cooled arc welder: Monarch Machine and Stamping Company ... 286
Airplane carrier U. S. S. Lexington, Launch of. S. W. Wakeman ... *41
Alcantara, Passenger motorship. Our Special London Correspondent ... *207
Algonquin, Steamer (photograph) ... *57
Alternating current instruments, Portable: General Electric Company ... 517
America, Bids for conditioning steamship (N) 179
American foreign trade ... 135
American Legion has successful trials, Ferryboat (N) ... 178
American Marine Standards Committee, Annual meeting of ... 87
American sailing vessels disappearing from the high seas ... 149
American seamen, Physical examination of .. 410
American ships in service, Privately owned (P) ... 335
American Welding Company takes over business of Continental Iron Works (N) .. 369
American Welding Society announces establishment of Miller Medal ... *365
An unusual launching observation. John P. Comstock and James A. Pennypacker ... *166
Anchor, Triple fluke: Waldemar Stahlberger. *149
Annis, Burton B.: Cutless rubber bearings. *275
Annual report of Shipping Board. Harold F. Lane ... 27
Appropriation for extending Government barge fleet (N) ... 118
Appropriation, Shipping Board ... 74
Aqua methods of handling bunker and cargo oil. Wm. Reed-Hill ... *566
Arabia, Cargo motorship ... *12
Araranguа, Cargo and passenger motorship. *681
Armstrong Machine Works: A device for eliminating water hammers ... 412
A. S. M. E. to begin weekly engineering index (N) ... 648
As others see us (E) ... 371
Augustus, Passenger motorship ... *9, 74, 323, 634
Automobile and passenger ferryboat ... *65
Auxiliaries, Electrical deck. A. O. Loomis. *271
Auxiliary power plant, Diesel-Diehl: Bromfield Twentieth Century Manufacturing Company ... *210
Aviation, Naval. Captain E. S. Land ... 692

B

Barbara, Rotormotorship (A) ... 413
Barge fleet, Appropriation for extending Government (N) ... 118
Barges, Bids for 6 steel deck (N) ... 535
Barges, Contract for (N) ... 480
Barges, Increased economy in building river (A) ... 711
Barges tested at Mobile, Centerboard ... 270
Bastian-Blessing Company: Rego welding and cutting equipment ... 168
Bath Iron Works Corporation, Reorganization of (N) ... 477, 714
Battleship alterations favored ... 107
Battleship Nelson, British ... *348
Bauer-Wach system of combination machinery *402
Bearings, Cutless rubber, Burton B. Annis. *275
Beech launched, Lighthouse tender (P) ... 449
Beethoven, Passenger motorship (A) ... 644
Bennett, W.: Corrosion with special reference to shell rivets and plates ... *88
Berwood and Betty, River towboats ... *329
Bermuda, Passenger motorship. Our special London Correspondent ... *501
Bessemer Diesel engines, New ... *635
Bessemer, Tanker ... 408
Bids asked for turbo-electric propelling machinery for two coast guard cutters (N) 422
Bids for alterations to steamship Leviathan. 117
Bids for conditioning steamship America (N) 179
Bids for conversion to oil tanker (N) ... 180
Bids for converting three ships to Diesel engine drive (N) ... 179
Bids for Diesel engines, Shipping Board receives (N) ... 535
Bids for electric drive lightships (N) ... 647
Bids for five turbo-electric drive cutters for Coast Guard (N) ... 425
Bids for Governor's Island ferryboat ... 367
Bids for maneuver boat hulls and derricks (N) 480
Bids for Pennsylvania carfloats (N) ... 366
Bids for repair to S. S. Gladyshee (N) ... 180
Bids for repair to S. S. Terje (N) ... 179
Bids for 6 steel deck barges (N) ... 535
Bids for steamship Challamba (N) ... 480
Bids for turbo electric machinery for Coast Guard cutters (N) ... 480
Biles, Hugh J. R.: Effect of wind on power and speed ... 353
Bill, Naval appropriations (E) ... 126
Blade propeller, Model tests with adjustable. Captain William McEntee ... 690
Blain & Company, Inc.: Condenser packing tool ... *408
Blohm & Voss, By Dr. Ing. E. Foerster (A) 467
Blowers, Exhaust gas turbine driven ... 133
Boiler, Pulverized coal tests of marine water-tube. Thomas B. Stillman ... *669, 696
Boilers, Test of pulverized coal applied to Scotch. Carl E. Jefferson and Commander Joseph S. Evans ... *660, 694
Bolt-threading machine: Williams Tool Corporation ... *216
Bonn's tube bending machine: Hugh Smith & Company ... *33
Boring and turning mill, Vertical: Niles Tool Works Company ... *454
Bostock, C. M.: Dead-front switchboards ... *459
Bowles, Admiral (E) ... 485
Brake, Heavy duty bending: Dreis & Krump Manufacturing Company ... *168
Brinell hardness test as applied to marine engines. Arthur B. Butterworth ... 574
British battleship Nelson ... *348
British ports, Laid up shipping in (P) ... 344
British shipbuilding (E) ... 313
British shipbuilding position. Our Special London Correspondent ... 505
British and German standard motorships. Our Special London Correspondent ... *637
Bromfield Twentieth Century Manufacturing Company: Diesel-Diehl auxiliary power plant ... *210
Brooklyn Polytechnic Institute course on oil engines ... 585
Budget Bureau estimate for appropriations for Navy Department ... 28
Build ships (E) ... 123
Bulk freighter A. F. Harvey ... *261
Bulk freighter Harry Coulby (photograph) (N) ... *181
Bulk freighter L. E. Block, Great Lakes. *183, *677
Bulkhead construction, New method of (A). 412
Bunker and cargo oil by Aqua methods, Handling. Wm. Reed-Hill ... *566
Bureau of Navigation report (P) ... 454, 639
Burtner, Professor Evers: Car float strength and deflection ... 684
Butterworth, Arthur B.: Brinell hardness test as applied to marine engines ... 574

C

California, Passenger steamship ... *552
Canada Steamship Lines Fleet (N) ... 308
Cap Arcona, Passenger steamship launched. *396
Car ferry for Wabash Railway (N) ... *243
Car ferry Wabash, Twin screw steel ... *433
Car float strength and deflection. Professor Evers Burtner and Richard H. Tingey ... 684
Car floats, Bids for Pennsylvania (N) ... 369
Caracas, Passenger steamship ... 482, *543
Cargo, Gasoline, Lieut. M. E. Serat, Jr. ... *460
Cargo motorship Arabia ... *12
Cargo and passenger motorship Araranguа ... *681
Cargo and passenger motorship Stentor ... 77
Cargo and passenger motorships, South American. Our Special London Correspondent *680
Cargoes, Height of deck (A) ... 711
Cast iron for Diesel engines. F. Johnstone-Taylor ... 136
Catamaran type ferryboat Louisiana ... *75
Cause and effect of oil engine piston seizures. A. B. Newell ... 578
Centerboard barges tested at Mobile ... 270
Challamba, Bids for steamship (N) ... 480
Champion (rear end) soot blower: Engineering Specialties Company ... *69
Characteristics of propellers (A) ... 581
Charts, The value and limitations of propeller 132
Chatham, Passenger steamship ... *315
Christiaan Huygens, Dutch passenger motorship ... *395
Christiansen, N.: New locking door hook ... *19
City of Dalhart, Trial trip of motorship (N) 534
City of Honolulu, Passenger steamship ... *383
City of Keansburg, Passenger steamer ... *130
City of Rayville, Sea trials of motorship (N) 300
Clamp, A new hose: National Clamp Company ... *411
Cleaning hull of steamer Washington Irving. *280
Close Bros., Ltd.: Positive drive infinitely variable gear ... *32
Clutch for marine service, Disk: Twin Disc Clutch Company ... *76
Clyde liners Iroquois and Shawnee ... *375
Coal pulverized (E) ... 483
Coast Guard cutter Northland given sea trials ... 293, 322
Coast Guard cutters, Contract for five (N). 480
Coast Guard engines, Winton ... *96
Coast Guard patrol Harriet Lane launched (photograph) (N) ... *57
Coastal navigation, A problem of (E) ... 2
Coleman, H. C. Performance of Lake freighter Steel Electrician ... *333
Colliers, steam (E) ... 186
Collision, Malolo ... *322
Collision vindicates safety measures, Malolo. W. F. Gibbs ... *397
Collisions, Radio invention to prevent: Dr. F. A. Kolster ... 31
Combination machine tool: Morton Manufacturing Company ... *411
Combination machinery, Bauer-Wach ... *402
Commentz, Carl: New type of steam engine. *405
Communication system: Charles Cory & Son, Inc. (N) ... 58
Compass, Magnetic master ... *573
Compensation act, Longshoremen and harbor workers'. Albert S. Regula ... 345, *476
Compensation act, Longshoremen's (E) ... 312
Comstock, John P.: An unusual launching observation ... *166
Comstock, John P.: Further observations of pivoting point at launching ... *514
Condenser packing tool: Blain & Company, Inc. ... *408
Condenser tubes, Erosion of surface. Sir Charles A. Parsons ... *336
Condenser, What is wrong with the marine?. 224
Conduit fittings: Crouse-Hinds Company ... *293
Consolidation of lines authorized ... 47
Constructional details of German Diesel engines. Dr. Ing. Rembold ... *137
Contra-propeller patents upheld in German courts (N) ... 178
Contra-propeller, The (E) ... 372
Contra-propellers increase liner's speed ... 277
Contra-rudder, The ... *456
Contract for barges (N) ... 480
Contract for construction of Seattle fireboat (N) ... 116
Contract for ferryboat (N) ... 589
Contract for fireboats for city of Portland (N) 363
Contract for five U. S. Coast Guard cutters (N) ... 480
Contract for four 1,000 horsepower Busch-Sulzer Diesel engines (N) ... 178
Contract for freighter with Great Lakes Works (N) ... 119
Contract for Governor's Island ferryboat (N) 423
Contract for Inland Waterways Corporation tow boat (N) ... 480
Contract for Inter-Island passenger steamship (N) ... 531
Contract for Los Angeles fireboat (N) ... 58
Contract for overhaul of S. S. President Roosevelt (N) ... 118
Contract for passenger steamer for Chesapeake Steamship Company (N) ... 423

Contract for patrol boat (N) ... 478
Contract for repairs to steamship George Washington (N) ... 59
Contract for second passenger steamship for Panama Pacific Line (N) ... 475
Contract for six scout cruisers (N) ... 301
Contract for steamer for New England S. S. Company (N) ... 714
Contract for steamer for Old Bay Line (N). 476
Contract for stern wheel towboat (N) ... 478
Contract for two ice-breaking tugs (N) ... 478
Contract for two Peruvian submarines (N). 58
Contract placed for ferryboat with Winslow shipyard (N) ... 117
Contract to recondition S. S. America awarded (P) ... 129
Contracts awarded for reconditioning of S. S. President Harding (N) ... 177
Contracts for eight Diesel engines (N) ... 588
Contracts, Mail (E) ... 63
Contracts placed for electric motors for two scout cruisers (N) ... 58
Convention, Foreign trade (P) ... 83
Conversion, Ship (E) ... 539
Cook, Stanley S.: Progress in economy of turbine machinery ... 145
Correction (P) ... 174, 332
Corrosion (E) ... 62
Corrosion with special reference to shell rivets and plates. W. Bennett ... *88
Cory & Son, Charles: Communication system (N) ... 58
Course in naval architecture at Newport News yard ... 576
Course in shipbuilding at Fore River yard for employees ... 406
Course on oil engines, Evening ... 585
Cramp shipyard to end shipbuilding activities (N) ... 300
Cramp's shipyard (E) ... 248
Crank pin turning machine, Portable: E. J. Rooksby & Company ... *410
Critical speeds ... 409
Critical speeds. F. McAlister ... *291
Crouse-Hinds Company: Conduit fittings ... *293
Crown City, Maiden voyage of motorship (N) *242
Cruiser contracts, Navy Yard (E) ... 249
Cruiser Emden in dry dock, German (photograph) ... *506
Cruiser Suffren launched at Brest, France (photograph) (N) ... *365
Cruisers, Corporation formed to standardize new 10,000-ton scout (N) ... 362
Cruisers, Marine Engineering Corporation to design new (N) ... 424
Cruisers, Small (E) ... 123
Cruisers, The new (E) ... 62
Cutler-Hammer Manufacturing Company: Across-the-line starter ... *466
Cutless rubber bearings. Burton B. Annis .. *275
Cutting metals under water. L. F. Hagglund 80
Cutting steel with illuminating gas: General Electric Company ... *160
Cylinder head, Welding cracked ... *206

D

Danish motor ferry Korsor ... *390
Dead-front switchboards. G. M. Bostock ... *459
Deck auxiliaries, Electrical. A. O. Loomis .. *271
Deck cargoes, Height of (A) ... 711
Deck coating, The absurdity of fuel oil as: A. B. Newell ... 51
Design, Improved ship. G. Kempf ... *629
Design of ferryboats, Some considerations in the. Chas. F. Gross and Chas. Green ... *97
Design of superstructures for large passenger ships. Carl E. Petersen and Lorentz Hansen ... 685
Detachable links and Kenter connecting shackles, Tests of Navy type. James Reid (L) ... 296
Development in German marine oil engines. Dr. Ing. Rembold ... *137
Developments in small Diesel engines ... *81
Diesel award, The Rudolf (P) ... 198
Diesel conversion program, Engines of U. S. Shipping Board. Captain R. D. Gatewood 699
Diesel-Diehl auxiliary power plant: Bromfield Twentieth Century Manufacturing Company ... *210
Diesel electric dredge proves economical ... 39
Diesel electric drive, Discussion on. F. L. Du Bosque ... 163
Diesel electric ferryboat Fresno ... 197, *327
Diesel electric ferryboat Redwood Empire ... *503
Diesel electric ferryboat Stockton ... 197
Diesel electric ferryboat Tahoe ... 197, *503
Diesel electric freighter Steel Electrician, Performance of ... *333
Diesel electric hydraulic dredge ... *447
Diesel electric propulsion. W. E. Thau ... 161
Diesel electric stern wheel towboats, Tests on. C. H. Giroux ... *152
Diesel electric tanker Sharon ... *681
Diesel engine drive, Bids for converting three ships to (N) ... 179
Diesel engine, Hamilton-M. A. N. marine ... *84
Diesel engine, Lightship equipped with ... 132
Diesel engine, Modern trend of the. Otis D. Treiber ... 706
Diesel engine progress (E) ... 126
Diesel engine, Tests of Hamilton-M. A. N. .. 565
Diesel engine, Tosi-Beardmore. F. Johnstone-Taylor ... *355
Diesel engine, Winton Coast Guard ... *96
Diesel engines, Cast iron for. F. Johnstone-Taylor ... 136
Diesel engines, Contract for four 1,000 horsepower Busch-Sulzer (N) ... 178
Diesel engines, Contracts for eight (N) ... 588
Diesel engines, Developments in small ... *81
Diesel engines for rival Italian liners. Our Special London Correspondent ... *282
Diesel engines for the Navy. Edward C. Magdeburger ... *702
Diesel engines, German double acting. Our Special London Correspondent ... *562
Diesel engines, Motorships with double acting. Our Special London Correspondent ... *77
Diesel engines, New Bessemer ... *635
Diesel engines, Refrigerated ships equipped with. Our Special London Correspondent *439
Diesel engines, Shipping Board receives bids for (N) ... 535
Diesel engines, Small power high speed: Hill-Diesel Company ... *285
Diesel engines, Tests of Shipping Board ... 150
Diesel engines, Wear in (E) ... 125
Diesel ferries for New York city launched, First (N) ... *477
Diesel machinery, Supercharging. Our Special London Correspondent ... *133
Diesel tow boat Duncan Bruce ... *557
Diesel tug New Rochelle, Trial trip of ... *560
Diesel tugboat for Gulf ports service ... 203
Diesel tugboat Lone Star ... *446
Diesel tugs for the government (A) ... 412
Diesel yacht, Artist's drawing of Vincent Astor's (photograph) ... *468
Diesel yacht to be built abroad for Vincent Astor ... 277
Dinger, Capt. H. C.: High pressures and economy in marine machinery ... 148
Disk clutch for marine service: Twin Disc Clutch Company ... *76
Disko, Motorship ... *269
Dixie launched, Passenger and freight steamship (N) ... 534
Dolius, The motorship. J. A. Sim (L) ... 173
Door hook, New locking: N. Christiansen ... *19
Dorchester, Passenger steamship ... *315
Doxford engine, New ... *501
Draft of vessels transiting the Panama Canal in 1926, Salt water ... 218
Dredge, Diesel electric hydraulic ... *447
Dredge proves economical, Diesel-electric ... 39
Dreis & Krump Manufacturing Company: Heavy duty bending brake ... *168
Drill "Little General": Joseph T. Ryerson & Son, Inc. ... *326
Du Bosque, F. L.: Discussion on Diesel electric drive ... 163
Duncan Bruce, Diesel tow boat ... *557
Dutch passenger motorships. Our Special London Correspondent ... 395
Dyson, Rear Admiral C. W.: A study of screw propeller performance ... *569

E

Economy in marine machinery, High pressures and. Captain H. C. Dinger ... 148
Economy of river vessels on the Congo (A) .. 467
Economy of ship propulsion (A) ... 524
Economy of turbine machinery, Progress in. Sir Charles A. Parsons, R. J. Walker and Stanley S. Cook ... 145
Economy, Reciprocating steam engines and fuel (E) ... 597
Edwards Company, O. M.: Window frames and sashes ... *632
Effect of wind on power and speed. Hugh J. R. Biles ... 353
Electric drive, Diesel. F. L. Du Bosque ... 163
Electric furnace: Westinghouse Electric & Manufacturing Company ... *8
Electric hydraulic dredge, Diesel ... *447
Electric motor contracts placed for two Scout cruisers (N) ... 58
Electric propulsion, Diesel. W. E. Thau ... 161
Electrical deck auxiliaries. A. O. Loomis ... *271
Electrical developments in marine field for 1926, Review of. D. W. Niven ... *37
Eliminating reducing valve on steam machinery. W. F. Schaphorst (L) ... 236
Emden in dry dock, German cruiser (photograph) ... *506
Empress of Australia, Reconstruction of passenger steamship ... *451
Engine, A note on a new type of quadruple expansion (A) ... 467
Engine for Shipping Board, Nelseco-M. A. N. *457
Engine, Hamilton-M. A. N. marine Diesel .. *84
Engine progress, Diesel (E) ... 126
Engineering education free: Webb Institute of Naval Architecture ... 326
Engineering Specialties Company: Champion (rear end) soot blower ... *69
Engines, Contract for eight Diesel (N) ... 588
Engines, Developing in German marine oil. Dr. Ing. Rembold ... *137
Engines, Developments in small Diesel ... *81
Engines, German double acting Diesel. Our Special London Correspondent ... *562
Engines, Motorships with double acting Diesel: Our Special London Correspondent .. *77
Engines of U. S. Shipping Board Diesel conversion program. Captain R. D. Gatewood ... 699
Engines, Tests of Shipping Board Diesel ... 150
Engines, Wear in Diesel (E) ... 125
Engines, Winton Coast Guard ... *96
Erosion of surface condenser tubes. Sir Charles A. Parsons ... *336
E. T. Bedford, Re-engining of the tanker ... *31
Evangeline launched, Passenger steamship (N) ... 178
Evans, Commander Joseph S.: Test of pulverized coal applied to Scotch boilers .. *660, 694
Examinations for marine engineers (P) ... 144
Experimental study of the resistance due to the formation of eddies (A) ... 580
Experiments with 500 horsepower tug boats (A) ... 580
Explosions, Tanker (E) ... 2

F

Fairbanks-Morse Diesel engines ... *81
Fairfax, Passenger steamship ... *315
Fairhaven, Yacht turntable at ... *409
Falk Corporation: Speed reducers ... *225
Federal Telegraph Company: Kolster ship radio beacon ... *274
Feedwater, Pure ... 169
Feedwater, Salt detector for boiler: The McNab Company ... *281
Ferryboat American Legion has successful trials (N) ... 178
Ferryboat, Bids for Governors Island ... 367
Ferryboat, Contract for (N) ... 589
Ferryboat contract placed with Winslow shipyard (N) ... 117
Ferryboat Fresno, Diesel electric ... 197, *327
Ferryboat Korsor, New Danish motor ... *390
Ferryboat Lake Tahoe, Diesel electric ... *503
Ferryboat Louisiana, Catamaran type ... *75
Ferryboat Madison launched, Car (N) ... *119
Ferryboat, Passenger and automobile ... *65
Ferryboat Quillayute ... *67
Ferryboat Redwood Empire, Diesel electric. *503
Ferryboat Santa Rosa launched (P) ... 201
Ferryboat Seikan Maru No. 1, Turbine (A) 644
Ferryboat Stockton, Diesel electric ... 197
Ferryboat Tahoe, Diesel electric ... 197
Ferryboat Wabash, Twin screw steel car ... *433
Ferryboats for New York city launched, First Diesel (N) ... *477
Ferryboats, New Southern Pacific Diesel electric ... *503
Ferryboats Peralta and Yerba Buena. S. Burke Smith ... *189
Ferryboats, Some considerations in the design of. Chas. F. Gross and Chas. Green ... *97
Filtrator, A new form of. The Filtrator Company ... *407
Fin, Pescod speed wind ... *35
Finland's new powerful icebreaker Taakarhu (A) ... 525
Fire detecting system: Garrison Fire Detecting System, Inc. ... *273
Fireboat, Contract for Los Angeles (N) ... 58
Fireboat, Pacific Coast Engineering Company to build Seattle (N) ... 116
Fireboats, Contract for city of Portland (N) 363
Fires and explosions, Tank steamer. Robert L. Hague ... 691
Fleet Corporation reorganization (E) ... 596
Fleet of four-day transatlantic liners proposed (N) ... 589
Fletcher proposes permanent policy of Government operation of merchant vessels, Senator ... 68
Flettner rudder demonstrated on destroyer Converse ... *633
Fore River yard, Shipbuilding course at ... 406
Foreign seamen outnumber Americans in American merchant marine ... 169
Foreign trade grows, America's (P) ... 33, 83, 129, 135, 165, 505, 580
France, Shipbuilding in ... 278
Freighter A. F. Harvey launched ... *261
Freighter George M. Humphrey, New bulk (photograph) (N) ... *651
Freighter Harry Coulby, Launch of Great Lakes (N) ... 368
Freighter L. E. Block, Great Lakes bulk .. *677
Freighter Steel Electrician, Performance of Lake. H. C. Coleman ... *333
Freighters, Resistance of small. T. C. Arkenbout Schokker (A) ... 413
French Line to build new ships (P) ... 551
French naval program (A) ... 581
French ship yards in a serious condition ... 449
French shipping and shipbuilding ... *6
Fresno, Diesel electric ferry boat ... 197, *327
From model to ship (E) ... 186
Fuel economy and reciprocating steam engines (E) ... 597
Fuel oil as deck coating, The absurdity of. A. B. Newell ... 51
Furmanite: Newport News Shipbuilding & Dry Dock Company ... *217
Furnace, Electric: Westinghouse Electric & Manufacturing Company ... *8
Further observations of pivoting point at launching. John P. Comstock ... *514
Future and the Shipping Board, The (E) ... 372

Shipping approaches stability, World (P) ... 581
Shipping Board developments ... 27, 29, 47, 74, 106, 157, 364, 372, 431, 535, 590, 647, 676, 711
Shipping Board Diesel conversion program, Engines of U. S. Captain R. D. Gatewood ... 699
Shipping Board Diesel engines, Tests of ... 150
Shipping Board engine, Nelseco-M. A. N. ... *457
Shipping Board motorship West Honaker ... *21
Shipping in 1926, Great Lakes ... 201
Shipping problem: The President's message (E) ... 1
Shipping and naval limitation, Wolcott Spofford ... 507
Shipping and shipbuilding, French ... *6
Shipping and the railroads (E) ... 539
Ships, Design of superstructures for large passenger. Carl E. Petersen and Lorentz Hansen ... 685
Ships' heating systems (A) ... 644
Shipyard workers, What about? A. B. Newell (L) ... 418
Shipyards in a serious condition, French ... 449
Sibajak, Dutch passenger motorship ... *395
Simplex salt detector: The McNab Company ... *281
Simplification and standardization. By Rear Admiral G. H. Rock ... 127
Single or twin screw? (A) ... 468
Skerrett, Robert G.: Aids to the navigator ... *573
Small cruisers (E) ... 123
Smith, S. Burke: Key System ferry boats Peralta and Yerba Buena ... *189
Smith & Company, Hugh: Bonn's tube bending machine ... *33
Smoke detector, Rich audible: Walter Kidde & Company ... *410
Society of Naval Architects and Marine Engineers, Annual meeting of ... 634, 682, *708
Solenoids, New General Electric ... 458
Some considerations in the design of ferryboats. Chas. F. Gross and Chas. Green ... *97
Soot blower (rear end) Champion: Engineering Specialties Company ... *69
Sounding instrument developed by Coast and Geodetic Survey ... 136
Sounding rod, A useful. J. F. McMullen ... 279
South American cargo and passenger motorships. Our Special London Correspondent ... *680
Southern Pacific Diesel electric auto ferries, New ... 197, *327, *503
Spear, Lawrence Y.: The submarine of today ... 690
Speed and loading (E) ... 484
Speed reducers: Falk Corporation ... *225
Speed wing fin, Pescod ... *35
Sperry Gyroscope Company: Gyro stabilizer ... *510
Spofford, Wolcott: Natural ventilation on board ship ... *341
Spofford, Wolcott: Naval limitation and shipping ... 507
Stabilization of ships (A) ... 524
Stabilizer to be installed on world's largest Diesel yacht ... *510
Stahlberger, Waldemar: Triple fluke anchor ... *149
Standard motorships, British and German. Our Special London Correspondent ... *637
Standardization and simplification. By Rear Admiral G. H. Rock ... 127
Standards Committee, Annual meeting of American marine ... 87
Standards, Marine (E) ... 486
Starter, Across-the-line: Cutler-Hammer ... *466
Steam colliers (E) ... 186
Steam engine, New type of. Dr. Ing. Carl Commentz ... *405
Steam, High pressure (E) ... 124
Steam pressures, Intermediate. Morris A. Hall (A) ... 509
Steamboating on the Mississippi, Revival of (photograph) ... *555
Steamer Algonquin (photograph) ... *57
Steamer City of Keansburg, Passenger ... *130
Steamer for New England S. S. Company, Contract for (N) ... 714
Steamer for Old Bay Line, Contract for (N) ... 476
Steamer John Cadwalader, Passenger and freight. A. M. Main ... *13
Steamer launched in England, Great Lakes ... 131
Steamer Peter Stuyvesant launched, Passenger (N) ... 178
Steamer Robert E. Lee, River ... *436
Steamer Shawnee launched, Passenger (N) ... 304
Steamer Washington Irving, Cleaning hull of ... *245, *280
Steamers sixty years apart, River ... *436
Steamship A. F. Harvey ... *261
Steamship America, Bids for conditioning (N) ... 179
Steamship California, Passenger ... *552
Steamship Cap Arcona launched, Passenger ... *396
Steamship Caracas, Passenger ... 482, *543
Steamship Challamba, Bids for (N) ... 480
Steamship Chatham, Passenger ... *315
Steamship City of Honolulu, Passenger ... *383
Steamship, Contract for Inter-Island passenger (N) ... 531
Steamship, Contract for second Panama Pacific passenger (N) ... 475
Steamship Dixie launched, Passenger and freight (N) ... 534
Steamship Dorchester, Passenger ... *315
Steamship Empress of Australia, Reconstruction of passenger ... *451
Steamship Evangeline launched, Passenger (N) ... 178, *245
Steamship Fairfax, Passenger ... *315
Steamship George Washington, Contract for repairs to (N) ... 59
Steamship Gladysbee, Bids for repair to (N) ... 180
Steamship Harry Coulby launched, Freight (N) ... 368
Steamship Havana, Passenger. H. M. Wick ... 500
Steamship Ile-de-France, Maiden voyage of passenger ... *406, 449
Steamship Iroquois, Passenger ... *59, *441, *375
Steamship King George V, Trial results of the ... 83
Steamship Laurentic launched, Passenger (P) ... 404
Steamship L. E. Block, Great Lakes freight ... *677
Steamship Leviathan, Bids for alterations on ... 117
Steamship Malolo collision vindicates safety measures. William Francis Gibbs ... *397
Steamship Malolo in collision, Passenger ... *322
Steamship Malolo, Passenger ... *601
Steamship New York, Passenger ... *265
Steamship Panama fitted to burn oil, Passenger ... 58
Steamship President Harding, Contracts awarded for reconditioning (N) ... 177
Steamship President Roosevelt, Contract for overhaul (N) ... 118
Steamship Shawnee, Passenger ... *375
Steamship Taakarhu, Finland's new powerful icebreaker (A) ... 525
Steamship Terje, Bids to repair (N) ... 179
Steamship Wabash, Car ferry ... *433
Steamship Yarmouth, Passenger ... 446, *487
Steel Electrician, Performance of Lake freighter. H. C. Coleman ... *333
Stella Polaris, Motor cruising yacht. Our Special London Correspondent ... *199
Stentor, Cargo and passenger motorship ... 77
Stern shoe of S. S. West Keene welded with thermit (photograph) ... *268
Stern shoe repaired by Thermit ... 165
Stern wheel towboats, Tests on Diesel-electric. C. H. Giroux ... *152
Stillman, Thomas B.: Pulverized coal tests of marine watertube boiler ... *669, 696
Stockton, Diesel electric ferry boat ... 197
Streamline rudder, Oertz ... *561
Strength and freeboard of oil tankers. Dipl. Ing. Heberling (A) ... 413
Stutt, G. W.: Engine room personnel of the Leviathan ... 236
Stutt, G. W.: Kink for preventing leaking of top manhole ... 105
Submarine of today, The. Lawrence Y. Spear ... 690
Submarines, Contract for two Peruvian (N) ... 58
Subsidy necessary, Shipping Board finds. Harold F. Lane ... 106
Suffren launched at Brest, France, Cruiser (photograph) (N) ... *365
Summer meeting of the I. N. A. (E) ... 485
Supercharging Diesel machinery. Our Special London Correspondent ... *133
Superstructures for large passenger ships, Design of. Carl E. Petersen and Lorentz Hansen ... 685
Supervising inspectors Annual conference of ... 70
Swan, James: The Wampanoag—The fastest ship in the world—1868 ... 688
Switchboards, Dead-front. G. M. Bostock ... *459
Switchboards, New line of steel: General Electric Company ... 160
Switches, New standard: Westinghouse Electric & Manufacturing Company ... 412
System of passenger accommodation, New. Carl E. Petersen (L) ... 297
System of passenger accommodations for ships, New ... *211

QUESTIONS AND ANSWERS

Absolute pressure and gage ... 640
Acid in lubricating oil, How to detect ... 170
Action of injector ... 108
Adjusting bearing boxes ... 357
Advantage of superheat ... 642
Advantages of hollow cylindrical members in engine construction ... 109
Advantages of the steam turbine ... 582
Advantages of vertical feed pump ... 415
Air leaks, Testing condenser system for ... 235
Air pump bucket ... 294, 583
Air pump, Pounding in an ... 583
Air required for burning oil ... 469
Air to burn a pound of oil ... 415
Alinement in reciprocating engines, Indications of lack of ... 109
Alinement, Method of checking shaft ... 357
Allowable error in water meter ... 170
Alternating and direct current ... 294
Aluminum ... 111
American Bureau of Shipping and the Steamboat Inspection Service, Functions of ... 528
Ammonia ice machine, Maximum pressure in ... 356
Ammonia refrigerating plant, Effect of water in ... 356
Angle of advance ... 641
Area of steam piston in feed pump ... 415
Armature, Heating of ... 295
Armature, Repairing short circuit in ... 583
Auxiliaries, Care of steam ... 108
Auxiliaries on a motorship, Engine room ... 232
Auxiliary exhaust to main condenser, Precaution in changing over ... 415

Balance cylinders ... 356
Bearding line ... 296
Bearing adjustment ... 357
Bearing boxes, Adjusting ... 357
Bearing clearance, How to measure ... 527
Bearing, Clearance in a ... 415
Bearing, How to determine wear on turbine ... 709
Bearing, How to refit a ... 582
Bearing, proper lubrication of a ... 233
Bearings, Faulty lubrication of ... 232
Bearings, Lignum-Vitae stern tube ... 415
Bearings, Loose ... 415
Blowers, Vibration in ... 109
Boiler cleanings, Interval between ... 295
Boiler, Density of water in ... 170
Boiler explosions ... 709
Boiler feed when main feed pump fails, How to handle ... 414
Boiler furnace lining ... 295
Boiler heating surface ... 709
Boiler horsepower ... 171
Boiler plate, Elastic limit of ... 641
Boiler plate, Elongation of ... 641
Boiler plate, Reduction of area of ... 641
Boiler plate, Repairing small cracks in ... 109
Boiler plate, Ultimate strength of ... 641
Boiler repairs ... 170
Boiler scale ... 356
Boiler shell, Factors affecting strength of ... 414
Boilers, Firing interval for coal burning ... 233
Boilers, Rivet holes in Scotch ... 109
Boilers, Swelling or deflection in tubes of watertube ... 233
Boilers under steam, Precautions in connecting up a battery of ... 583
Bolts in pipe flanges, Setting up on ... 109
Bolts, Slack thrust bearing ... 294
Bolts, Tests of holding-down ... 108
Books on electricity ... 585
Brake vs. indicated horsepower ... 643
Broken crank shaft ... 171, 709
Brushes spark, Why? ... 294
Bucket, Air pump ... 294, 583
Bunker, Capacity of coal ... 583
Buoyancy, Reserve ... 234

Capacity of coal bunker ... 583
Care of steam auxiliaries ... 108
Care of turbine at end of run ... 108
Cargo oil pumps, Failure of ... 710
Cargo vessels, Estimating power of slow ... *416
Cargo vessels, Propulsive coefficient of ... 417
Carrying capacity of electric wiring ... 295
Cast iron, Refined ... 641
Castings, Welding cracks in Vanadium bronze ... 296
Causes of ignition failure ... 527
Causes of insufficient voltage ... 357
Causes of loss of spray air pressure ... 526
Causes of priming ... 582
Causes of trouble with feed pumps ... 108
Chain riveting ... *528
Chain, Strength of worm ... *470
Classification of fuel oil ... 357
Cleaning fouled condenser ... 415
Cleaning spray valve stems ... 527
Clearance between cam and roller, Effect of too much or too little ... 415
Clearance in a bearing ... 415
Clearance in Parsons turbine ... 709
Coal bunker, Capacity of ... 583
Coal burning boilers, Firing interval for ... 233
Coal consumption ... 171
Combustion of coal, Smokeless ... 109
Commutator, Heating of ... 295
Compound non-condensing vs. single engine ... 709
Compound vs. single engine ... 170
Compressing air in three stages, Reason for ... 582
Compression in Diesel engine ... 295
Compression pressure, How to adjust ... 527
Compression pressure, How to measure ... 527
Compressor, Diesel engine ... 526
Compressor, Duties of Diesel engine ... 582
Condenser, Economy of the surface ... 356
Condenser, Cleaning fouled ... 415
Condenser system, Testing for air leaks ... 235
Conduction and convention ... 295
Connecting rod, How to find dimensions of winch ... 584
Cooling water discharge, Temperature of ... 414, 526
Counterbore of cylinders ... 640
Cracks in boiler plate, Repairing small ... 109
Crank shaft, Broken ... 171, 709
Crank shafts: Why they break ... 109
Crank shafts, Why worn bearings cause fracture of ... 526
Crank subject to greatest torsional stress ... 294
Crosshead pin bearing wear, Testing uneven ... 643
Cut-off on high pressure cylinder, Effect of ... 640
Cut off on intermediate pressure cylinder, Effect of ... 640
Cut-off on low pressure cylinder, Effect of ... 640
Cylinder, Effect of cut-off on high pressure ... 640
Cylinder, Effect of cut-off on intermediate pressure ... 640
Cylinder, Effect of cut-off on low pressure ... 640
Cylinder heads crack, Why Diesel ... 232
Cylinder lubricating system, Trouble with ... 526
Cylinders, Balance ... 356
Cylinders, Counterbore of ... 640
Cylinders, Fittings on steam engine ... 709
Cylinders, Inspection of engine ... 108
Cylinders, Lubrication of ... 582
Deck planking, Douglas fir vs. yellow pine for ... 584
Density of steam ... 356
Density of water in boiler ... 170
Destroyer speed, Highest ... 296
Determining distance piston and shaft have worked down ... 414
Diameter of line shaft ... 641
Diameter of orifice in viscosimeter ... 469
Diesel engine, Compression in ... 295
Diesel engine compressor ... 526
Diesel engine compressor, Duties of ... 582
Diesel engine, How to start a ... 415
Diesel engine, Important observations to be made while operating ... 232
Diesel engine indicator, Uses of ... 582
Diesel engine pistons ... 232
Diesel engine, Preparations for starting a ... 414
Diesel engine, Thermal efficiency of ... 416
Diesel engine with starting air tanks empty, How to start ... 526
Diesel engine without a compressor, How to start a ... 526
Diesel engines, Knocks in ... 357
Differential valve, How to set a ... 583
Dimensions of winch connecting rod, How to find ... 584
Direct and alternating current ... 294
Discontinuance of fire proofing of wood in shipbuilding ... 173
Distance piston and shaft have worked down, Determining ... 414
Double or triple ported valves ... 640
Double ported slide valves ... 170, 709
Douglas fir vs. yellow pine for deck planking ... 584
Drilled screw staybolts ... 109
Drinking water ... 171
Dry docked, Duties of engineer when ship is ... 414
Dry docks ... 358
Duties of Diesel engine compressor ... 582
Duties of engineer during survey ... 170
Duties of engineer when ship is dry docked ... 414
Duty of lubricants ... 414
Dynamo operation ... 171

Eccentric liner, Result of omitting ... 583
Eccentric, Position of ... 641
Eccentric, Setting an ... 232
Economy of the surface condenser ... 356
Effect of cut-off on high pressure cylinder ... 640
Effect of cut-off on intermediate pressure cylinder ... 640
Effect of cut-off on low pressure cylinder ... 640
Effect of loose propeller ... 583
Effect of throttling steam pressure ... 584
Effect of too much or too little clearance between cam and roller ... 415
Effect of water in ammonia refrigerating plant ... 356
Efficiency of riveted joint ... *710
Elastic limit of boiler plate ... 641
Electric current, direct and alternating ... 294
Electric wiring ... 171
Electric wiring, Carrying capacity of ... 295
Electrical installations on board ship, Regulations covering ... 172
Electrical terms ... 357
Electricity, Books on ... 585
Eliminating water from fuel oil ... 171
Elongation of boiler plate ... 641
Engine, Compound non-condensing vs. single ... 709
Engine, Compound vs. single ... 170
Engine, Horsepower of ... 171
Engine lagging ... 356
Engine, Pounding in an ... 582
Engine room auxiliaries on a motorship ... 232
Engine, Working parts of ... 709
Engineer, Duties during survey ... 170
Engines, Indications of lack of alinement in reciprocating ... 109
Engines, Single acting and double acting ... 295
Engines, Valves on four and two cycle ... 295
Estimating power of slow cargo vessels ... *416
Evaporation in Scotch boiler, Rate of ... 171
Evaporation of water per pound of fuel ... 53
Evaporation per pound of coal ... 108
Evaporative power of oil and coal ... 357
Excess oil in engine cylinder ... 232
Exhaust valve requires more attention than inlet valve, Why ... 527
Expansion in steam pipes ... 642
Expansion joints ... 171
Explosions, Boiler ... 709

Factors affecting strength of boiler shell ... 414
Factors involved in setting a valve ... 583
Failure of cargo oil pumps ... 710
Faulty lubrication of bearings ... 232
Feed heater, Location of ... 171
Feed pump, Advantages of vertical ... 415
Feed pump, Area of steam piston in ... 415
Feed pumps, Causes of trouble with ... 108
Feed tank vapor pipe ... 296
Field coils heat up, Why ... 583
Fire apparatus required ... 171
Fire fighting equipment ... 709
Fire proofing of wood in shipbuilding, Discontinuance of ... 173
Firing an oil engine, Why it may fail ... 232
Firing interval for coal burning boilers ... 233
Firing order of 6 and 8 cylinder oil engines ... *471
First step in setting a valve ... 641
Fittings on steam engine cylinders ... 709
Foaming, How to check ... 294
Foaming, What causes ... 232
Forced lubrication system ... 527
Fracture of crank shafts, Why worn bearings cause ... 526
